滙港資訊一直致力為本港金融業提供金融資訊及交易服務的解決方案，旗下「雙子星」一站式B2B雲端證券交易平台最近榮獲本年度「香港資訊及通訊科技獎」中的「最佳商業方案(產品)銀獎」，及「最佳商業方案(產品)最具創意雲端獎」，有關獎項由政府資訊科技總監辦公室策動，並由10個業界組織及專業團體共同舉辦，是本港資訊科技界認受性最高的獎項之一，是次獎項特別認可它的創意、功能和服務質素。

另外，滙港資訊於4月22日亦榮獲由國際著名商業雜誌 Mediazone Group 頒發之「2015香港最有價值企業最佳價值服務大獎」。

Host and Infocast's President Ms. Cecily Ho thanked the honored guests and emphasized that Infocast would continue in its commitment to delivering innovative technology and valued services to clients.

Infocast's commitment to providing the best financial information services and trading platforms is exemplified by Infocast's two award wins at the Hong Kong Information and Communications Technology Awards 2015 (HKICTA). On 10th April 2015, Infocast InvesTrade, an all-in-one B2B cloud-enabled trading solution, won the HKICTA Best Business Solution (Product) – Silver Award and the HKICTA Best Business Solution (Product) – The Most Innovative Cloud Award.

The HKICTA is one of the most prestigious awards for technology companies in Hong Kong displaying exceptional innovation, creativity, quality and value.

In addition on 22nd April 2015 Infocast's enterprise solutions team was awarded the Mediazone – Hong Kong's Most Valuable Services Award 2015 for its outstanding service quality.

The "Agent Solution" is a unique feature of InvesTrade that allows brokers to conduct multi-market trading with zero capital investment. This is achieved with a unified cloud platform whereby the underlying-broker can directly send orders to an agent-broker, and the agent-broker executes the order on the underlying broker's behalf. The InvesTrade Agent Solution pairs an innovative multi-market business model with leading cloud technology to significantly reduce costs and improve efficiency.

Notably Guotai Junan International became one of the first InvesTrade agents by providing access to the Shanghai-Hong Kong Stock Connect market. InvesTrade also supports mobile devices for trading anytime, anywhere.
